TRUMP PARC EAST

100 CENTRAL PARK SOUTH

### A SYMBOL OF EXCELLENCE

Trump Parc East, is one of the most desirable addresses on Central Park South, combining renowned luxury with a warm and unique intimacy that is a rarity in today's new construction. Established as one of Central Park's storied Pre-War luxury residential buildings, Trump Parc East has long been a symbol of the Trump testament to excellence and architectural preservation.

The 14-story building was built in 1929 and converted to a condominium in 1997. Apartments include high-beamed ceilings, wood burning fireplaces, oversized windows and herringbone wood floors. With just two to five residences per floor, Trump Parc East offers its residents both an oasis of privacy and the excitement of midtown Manhattan.
